Assembly:

1. Using 1/4" seams, sew wedges together into two sets of six wedges, press all seams in same direction.
 2. Sew the two sections together to make a circle and press seams in the same direction.
 3. Backstitch at the narrow end, this will be the turning edge for the smaller mats.
 4. For Table Mat...layer the wedge unit, batting, and backing together.
 5. Quilt as desired.
 6. Appliqué circle to center to cover opening.
 7. The outside edge will be irregular, trim to make a circle.
- Tip:** Use a piece of string and place in the center of mat, attach a pencil to one end, and go around the outside edge to mark your circle to be 18" - trim.
8. For binding, cut 2 1/2" wide bias strips, join together to make 60" and bind around the mat.

Ideas for Table Mats: Make mats in school colors, birthday colors... any holiday or celebration. Great for hostess and teacher gifts.

For Mug Mat and Ornament:

For the ornaments embellish with buttons, beads, stitchery...let your imagination go. Add ribbon for hanger.
